New MyHomeChoice website

Last Modified January 28, 2019

Share this page

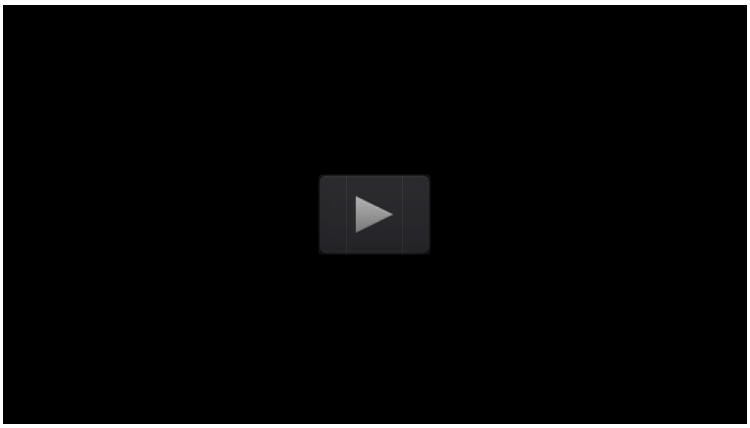

From 15th January 2019 MyHomeChoiceFyldeCoast will be launching their new look website, making it quicker and easier for customers across the Fylde coast to find a new home.

Originally established in 2011 to provide greater choice and flexibility to those looking for a new home, the MyHomeChoiceFyldeCoast scheme has now been revamped following feedback and consultation with customers. A number of exciting changes and improvements have been made to the service, including:

- Simplified A-C banding for those in housing need.
- Available properties will be advertised on a daily basis.
- Applications will be automatically updated onto the new system meaning current customers do not need to reapply.
- Customers can log into their online account to update their contact details, check property eligibility, view and update their application, carry out a property search, bid on properties and more.
- User friendly website provides easy and immediate access to the service as customer login and memorable date details remains the same.
- Fully digital adverts means there's no need to wait for a newsletter.

The new look website can be accessed at www.myhomechoicefyldecoast.co.uk from 15th January.

Check out the video below which provides information on how to navigate the new look website.
